FIRE HOSE BINDING TOOL

- **A manual 2-piece tool consisting of the Clamping and the Binding Device.**
- **Used for binding the fire hoses on the couplings with galvanized or copper wire.**
- **Can also be used on other kinds of hoses with diameters of 25mm through 110mm.**

**BREATHING AIR COMPRESSOR**

**Breathing Air Compressors  
Series HL110**

The Series HL110 are built on a portable frame and are fabricated according to CE specifications to compress air with a high pressure of 300 bar at a maximum air quality using a 4 stage air cooled compressor.

These durable compressors are commonly used on board marine vessels for filling Breathing Air Cylinders.
